# NEWSLETTER

**April 1 through 15, 2003**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **April 1st through 15th, 2003.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse.html#clearinghouse](http://www.opr.ca.gov/clearinghouse.html#clearinghouse)

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Phillip Crimmins (for projects in Northern California)  
Scott Morgan (for projects in Southern California)

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

## ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects
1999	602	481	2007	1808	2699	41	22	177	7,837	6,715
2000	613	475	2243	2580	3840	78	16	386	10,231	8,562
2001	703	524	2612	2851	6083	75	13	422	13,283	11,279
2002	648 (5%)	546 (4%)	2675 (20%)	3115 (24%)	5738 (43%)	66 (0.5%)	14 (0.1%)	409 (3%)	13,211 (100%)	---

### KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

### NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

# CEQA & Planning Case Law

## **Summary of Recent CEQA & Planning Case Law**

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

**No Cases have been selected for the period of April 1<sup>st</sup>-15th, 2003.**

*Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.*

# CEQA Documents

## Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Tuesday, April 01, 2003</u></b>			
2001102081	Tract 8438 Hidden Oaks Subdivision Lafayette, City of Lafayette--Contra Costa A major subdivision of 14.3 acres into 23 single family lots.	<b>EIR</b>	05/15/2003
2001112048	Expansion of Water Transit Service in the San Francisco Bay Area San Francisco Bay Area Transit Authority --Alameda, Contra Costa, Marin, Napa, San Francisco, ... This EIR addresses the San Francisco Water Transit Authority's Plan to improve and expand water transit service. This EIR analyzes the impact of four other project alternatives; including a No Project alternative. The alternatives represent a range in the scope of expansion of water transit service. The proposed project includes X new routes and X new terminals. Conceptual terminal, passenger service, and new vessel technology are discussed and evaluated.	<b>EIR</b>	05/15/2003
2003012078	Town of Paradise Redevelopment Plan Paradise, City of Paradise--Butte The proposed project would establish a redevelopment Project Area within the existing Town limits. The project would include redevelopment of the Project Area in a manner consistent with the provisions of the redevelopment plan and consistent with the Town General Plan.	<b>EIR</b>	05/15/2003
2003021011	Valley Durfee Redevelopment Project El Monte Community Redevelopment Agency El Monte--Los Angeles The Project includes adopting a redevelopment plan approximately 142 acres of urbanized land that is located in the southeast portion of the city.	<b>EIR</b>	05/15/2003
1991071080	Major Revision of the Zoning Ordinance Redondo Beach, City of REDONDO BEACH--LOS ANGELES REVISION TO THE ZONING ORDINANCE, INCLUDING A COMPLETE REVISION OF CHAPTER 2, TITLE 10, OF THE REDONDO BEACH	<b>FIN</b>	
2001012057	Alameda Point General Plan Amendment Alameda, City of Alameda--Alameda General Plan Amendment to change the land use designation from Federal Facilities to Mixed Use, Medium-Density Residential, Low-Density Residential, Public/Institutional, Neighborhood Business, General Industry, Parks & Public Open Space, and Open Space/Habitat; and adoption of a General Plan Policy chapter, Chapter 9: Alameda Point.	<b>FIN</b>	
2002042155	Valero Improvement Project Benicia, City of Benicia--Solano The Valero refinery proposes to install new equipment and modify existing equipment to enable the refinery to process lower grades of raw materials and substitute raw materials, and to increase production by about 10%. Project components would be installed between 2003 and 2009.	<b>FIN</b>	

## CEQA Daily Log

Documents Received during the Period: 04/01/2003 - 04/15/2003

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Tuesday, April 01, 2003</u></b>			
2001111042	Santa Ana Canyon Metrolink Station and Facility Parking Yorba Linda, City of Yorba Linda--Orange The proposed project consists of a Metrolink station and facility parking. The Metrolink station consists of two platforms located generally opposite of the New River Road and Esperanza Road intersection, along the BNSF railroad right-of-way consists of three parallel tracks, with the platforms to be located on the inner and outer tracks. The platforms will accommodate the four-car Metrolink trains, will begin approximately 75 feet from the eastern boundary of the 500 kV Southern California Edison overhead powerlines, and will extend approximately 340 feet toward the west to accommodate opening the four cars at all accessible doors.	<b>NOP</b>	04/30/2003
2003041001	Downtown Community Plan Update San Diego, City of --San Diego The Centre City Development Corporation (CCDC), acting as the agent of The Redevelopment Agency of the City of San Diego, will be the Lead Agency and intends to prepare a Master Environmental Impact Report (MEIR) for the proposed Downtown Community Plan Update which includes a series of coordinated amendments to the land use plans that govern downtown San Diego, with primary emphasis on the Centre City Community Plan, the Redevelopment Plan for the Centre City Redevelopment Project, the Centre City Planned District Ordinances, and potentially various neighborhood Focus Plans. Amendments to other implementing plans and policies may be required for consistency. The Centre City Community Plan, along with the Community Plans for other San Diego districts, comprise the Land Use Element of the City's General Plan, and the Centre City Community Plan and Planned District Ordinance are components of the City's Local Coastal Plan (LCP).	<b>NOP</b>	04/30/2003
2003041002	Live Oak Trails Tentative Tract Map 48952 La Verne, City of La Verne--Los Angeles The project is an 18 single family home development, known as Live Oak Trails Tentative Tract Map (TTM) 48952. The site consists of 14.25 acres, with only 9.87 of the acres developable. The balance of the site is constrained by slope greater than 25%, a blue line stream, storm drain, significant stand of trees (primarily live oak trees), a county equestrian trail, and a fuel modification zone requiring a 150 foot separation between the homes and adjacent properties.	<b>NOP</b>	04/30/2003
2003041003	Fullerton College Master Plan North Orange County Community College District Fullerton--Orange 5 year Master Plan for Fullerton College Campus.	<b>NOP</b>	04/30/2003
2003042007	Noyo River Summer Dam Fish & Game #3 --Mendocino The applicant, Redwood Empire Council of the Boy Scouts of America, proposes to annually erect a flashboard type summer dam on Noyo River in California's Mendocino County. This project consists of the installation of a seasonal flashboard dam on an existing concrete and bedrock still in the Noyo River.	<b>NOP</b>	04/30/2003

## CEQA Daily Log

2003041006	General Plan Amendment No. 2003-2 and Zone Reclassification No. 2003-2/Kuznitz Inyo County Planning Department Bishop--Inyo In addition, the applicant proposes to construct a workshop and storage facility. The project is to be developed in two phases. Phase one would be approximately 5,040 square feet of shop space and approximately 1,280 square feet of retail showroom space, with a 960 square foot upstairs caretaker's apartment. Phase two would be the removal of the existing Quonset building and the addition of approximately 3,820 square feet of additional storage or shop space. The subject property is currently zoned C-2-1.0 (Highway Services and Tourist Commercial-1.0 acre minimum).	<b>Neg</b>	04/30/2003
2003041007	Tidedland Park Dock Expansion Morro Bay, City of Morro Bay--San Luis Obispo Expand existing duck to accommodate four (4) additional boats. The duck would be constructed of treated wood on floating watertight poly floats supported laterally by pre-poured concrete piles installed with a pile driver as opposed to jetting. Mitigation to avoid biological impacts, water quality impacts and fire safety impacts have been identified and agreed to by the applicant.	<b>Neg</b>	04/30/2003
2003041008	Renaissance at North Park (PTS 5682) San Diego, City of --San Diego Mixed-use redevelopment of residential, commercial, community, and parking. The project includes demolition of existing vacant commercial structures, three single-family homes, and small retail stores to construct 14 three-story affordable townhomes, 24 market-rate lane homes, 96 affordable senior apartments in a four-story building, 12,800 square feet of residential, commercial and community uses including a 4,000 square foot community center, 235 parking spaces which includes surface parking and a one-level subterranean garage. The project scope includes demolition and reconstruction of the locally-designated, architecturally significant southern (primary) historical facade of the Gustafson (Heilig-Meyers) Building. Documentation and reconstruction would proceed in accordance with Secretary of the Interior Standards.	<b>Neg</b>	04/30/2003
2003042001	Amesti Road Stabilization Santa Cruz County Watsonville--Santa Cruz Proposal to grade 5,500 cubic yards of earth and install twenty-four horizontal drains in order to stabilize the hillside in preparation for realignment and repair of Amesti Road, which sustained land slide damage caused by excessive ground water and El Nino storms. Access to install the drains may cross a riparian corridor, requiring removal of some riparian willow woodland and construction of a culvert. This project requires a Grading Permit and Riparian Exception. Project area is located on Amesti Road, 0.4 miles south of Browns Valley Road, in the Eureka Canyon area.	<b>Neg</b>	04/30/2003
2003042002	Live Oak Library Santa Cruz County Live Oak--Santa Cruz Proposal to demolish an existing 5,000 square foot commercial building (Live Oak Library) and construct a replacement two-story 13,500 square foot building for a	<b>Neg</b>	04/30/2003

	permanent library. Project includes redesign and improvement of the parking and circulation, installation of landscape improvements, and grading approximately 900 cubic yards. Requires an Amendment to Coastal Permit and Commercial Development Permit 97-0096, a Variance to reduce the required 20 foot setback to 4.4 feet, Roadside Exception, Significant Tree Removal for one 30-inch diameter eucalyptus tree, preliminary grading approval, soils report review and environmental assessment. The project is located on the south side of Portola Drive, across from the intersection of 24th Avenue and Live Oak.		
2003042003	<p>Eliason Special Permit (SP-02-64) for a One-day "Biker Run" Event... Humboldt County --Humboldt</p> <p>A Special Permit for a motorcycle event to be known as the "101 Run." The event is proposed to be held on Saturday, June 7th, 2003, between the hours of 10 a.m. and 12 a.m. at the Dean Creek Resort (Resort). The organizers of the event expect between 800 and 1,000 participants. Participants will be required to be over the age of 18 and must arrive on motorcycles in order to be admitted into the event (except those with camping reservations). The 13.5-acre parcel has +/- 50 RV sites with hook-ups and a large tent camping area. Additional portable toilets with hand-washing facilities will be brought to the site and maintained by the contractor for the event. Alcohol, food and music will be provided and all proceeds for these venues will benefit several Southern Humboldt organizations. Security, traffic control and emergency response teams will be provided for by local groups. The event is being advertised in such a way that +/- 90% of the participants will be staying at other campgrounds or motels and entering the Resort on their motorcycles, thus allowing a larger number of people and more flexibility in terms of parking. The Resort is licensed as an RV Park and Campground through the State of California.</p>	<b>Neg</b>	04/30/2003
2003042004	<p>Anatolia I, II, and III Tentative Subdivision Maps, and Anatolia I, II, and III Large Lot Map and Development Agreement Sacramento County --Sacramento</p> <p>1. A tentative subdivision map (Anatolia I) to divide 229.8+/- acres into 949 single-family lots, 3 drainage corridor and 11 landscape lots, in addition to 4 lots for RD-10, commercial, park, and elementary school sites. The single-family lots are on property zoned RD-5. A tentative subdivision Map to create 8 large lots (residential villages) on the subject property.</p> <p>2. A separate tentative subdivision map (Anatolia II) to divide 298+/- acres into 886 single family lots, 3 drainage corridor lots, and 16 landscape lots, in addition to 8 lots for RD-10, RD-20, commercial, private recreation center, park, and elementary school development. The single-family development is zoned RD-4, RD-5, and RD-7. A tentative subdivision map to create 8 large lots (residential villages) on the subject property.</p> <p>3. A separate tentative subdivision map (Anatolia III) to divide 208+/- acres into 879 single-family lots and 11 accessory lots for pedestrian access and landscape corridors, on property zoned RD-4 and RD-5. A tentative subdivision map to create 9 large lots on the subject property.</p> <p>4. A development agreement by and between the County of Sacramento and Sunridge, LLC for three subdivisions known as Anatolia I, II, and III on approximately 1,213 acres.</p>	<b>Neg</b>	04/30/2003

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Tuesday, April 01, 2003</u></b>			
2003042005	Townsend Special Permit (SP-02-39) Humboldt County Eureka--Humboldt A Special Permit for the removal of trees in a residential zone under a CA Dept. of Forestry (CDF) 150 Foot Fire Hazard Tree Removal Exemption. The parcel is 2.2 acres in size with no known creeks or other wet areas. The project entails the removal of approximately 30 redwoods between 18-20 dbh and 60-80 feet in height. The removal will include areas around the existing PG&E power lines as well. The parcel is not in the Coastal Zone.	<b>Neg</b>	04/30/2003
2003042006	Michael Shaver Grading Permit G2002-35 Tuolumne County Community Development Dept. Sonora--Tuolumne Grading permit G2002-35 to allow excavation of 300 cubic yards of material to install 100 feet of a 30 inch diameter pipe in a drainage on a 1.09 +/- acre parcel zoned RE-1: MX (Residential Estate, One Acre Minimum: Mobilehome Exclusion Combining) under title 17 of the Tuolumne County Ordinance Code.	<b>Neg</b>	04/30/2003
2003042009	Hanson Aggregates Mining/Reclamation Plan Amendment Santa Cruz County Scotts Valley--Santa Cruz The proposed project is a Mining Approval Amendment that includes changes to the mining plan, reclamation plan, and financial assurance. This application for a formal Mining Plan Amendment has been submitted to fulfill a requirement of the 1995 permit review, and to incorporate remedial grading and revised final quarry grading contours into the mining plan. Corresponding changes to the revegetation plan are also included in the application. The Mining Plan Amendment consists of significant changes to the drainage plan including creation of a retention pond in the south corner of the quarry and conversion of the existing settling ponds into a series of detention ponds. In addition, the Amendment recognizes the buttress fill and quarry pit backfill, constructed under emergency conditions, which were not evaluated conditions, which were not evaluated in the 1976 EIR nor approved by the COC 75-0590-PQ. The project is located southwest of the intersection of Mt. Hermon Road and Conference Drive, and encompasses three separate parcels with a total area of 270 acres.	<b>Neg</b>	04/30/2003
2003042010	PLN 2002-00093; 1057 MacArthur San Leandro, City of San Leandro--Alameda Rezone to a CC-Planned Development (PD) and RM-3000-PD to allow for construction of 9 single family homes (includes one affordable home) and a 2-story retail/office building on the site of the former evergreen nursery.	<b>Neg</b>	04/30/2003
2003042013	A. L. Barbieri Public Park Healdsburg, City of Healdsburg--Sonoma The City is proposing to construct and maintain a 6.28-acre public park in the northwest corner of Area A, located at 325 Bridle Path in the Parkland Farms Subdivision of Healdsburg. The park would be constructed in two phases. Phase I would involve 3 acres and would include walking paths, picnic tables and benches, a "tot lot," trash receptables, drinking fountain, portable toilet enclosure, a berm along Foss Creek, turf areas, a bike rack and signage. Phase II would involve the continued development of the first 3 acres and would include additional benches and picnic tables, a half basketball court and an older children's play	<b>Neg</b>	04/30/2003

<b><u>Documents Received on Tuesday, April 01, 2003</u></b>			
	area. Phase II would involve the development of the remaining 3 acres with a larger turf area to accommodate youth soccer, a connection to a perimeter walking path and a pedestrian foot bridge.		
2003042014	Cottage Phase IV Cloverdale, City of Cloverdale--Sonoma The proposed project consists of subdividing the 9.26 acre parcel into two areas: the western area, a 4 acre parcel, to be subdivided into 11 single-family residential lots and an open space parcel, which will be restored and dedicated to the City of Cloverdale Landscaping and Lighting District for maintenance. And the eastern area, a 5.52 acre remainder parcel and open space corridor owned by Ralph and Linda Meyer. For the purposes of this initial study, the 11 residential lots and the Open Space Parcel on the western side of the project site will be collectively referred as the Residential Project. The proposed single-family project is located in southwest Cloverdale, California. The approximately 9.26 acre, rectangular site is bordered on the west by the Cottage Phase III subdivision, on the south by Muscat Creek, on the east by South Cloverdale Boulevard and on the north by private residence and State of California property. The project site surrounded by single family homes.	<b>Neg</b>	04/30/2003
2003041009	State Route 39 Culvert Rehabilitation Project at Brown's Gulch Caltrans #7 Azusa--Los Angeles The California Department of Transportation (the Department, or "Caltrans") proposes to reconstruct the eroded culvert structure located on the west side of SR 39 in order to ensure its' stability. The culvert is located at the bottom of Brown's Gulch, which is an intermittent stream in the United States Angeles National Forest. Because this culvert is located under the highway and roughly 130 feet down into Brown's Gulch, the construction of an access ramp down the hillside is required in order to complete the culvert rehabilitation.	<b>Oth</b>	04/30/2003
2003044002	Amendment to Bishop Resource Management Plan Bureau of Land Management --Mono The Bridgeport Indian Colony is requesting that the BLM sell 40 acres of land to the Tribe, to be simultaneously taken into Trust Status by the Bureau of Indian Affairs (BIA). As the parcel was not identified for disposal in the Bishop Resource Management Plan (RMP), the proposed action would be to amend the RMP to designate this parcel as available for disposal to the Tribe.	<b>Oth</b>	04/30/2003

2001091047	Hall Road / San Miguel Canyon Road Intersection Improvements Monterey County Public Works Department --Monterey Project is to install a traffic signal, add a second lane to the northbound approach, add a left turn lane to the westbound approach, extend the right turn lanes on the eastbound and southbound approaches, and widen an existing bridge on San Miguel Canyon Road south of the intersection.	<b>NOD</b>	
2002052026	Hale Creek Tributary Restoration Santa Clara County Los Altos Hills--Santa Clara Los Altos Golf and Country Club is proposing to regrade the existing facility to correct drainage problems and make modifications to the course. As part of this work, 1) an existing drainage will be restored, and 2) a storm drain pipe will be upgraded. The drainage that will be restored is a tributary to Hale Creek and is located between fairway #6 and Niblick Avenue, near the intersection with Shirley Avenue, and the section to be modified will be just over 600 feet in length. The storm drain pipe which is in a former reach of Loyola Creek will be upgraded at fairway #6. There is no longer any bed, bank, channel, or riparian vegetation along this reach of the creek that is now in a pipe system.	<b>NOD</b>	
2002052117	DERWA Tank 1 Project Dublin San Ramon Services District San Ramon--Contra Costa The operator proposes to install 2,000 linear feet of new pipeline to connect a reservoir tank to DERWA's (Joint Powers Authority between East Bay Municipal Utility District and Dublin San Ramon Services District) future transmission mains located along the Iron Horse Trail within barren, previously graded easements. An unnamed tributary that meanders through the San Ramon golf course will be crossed using jack and bore.	<b>NOD</b>	
2002071080	Groundwater Recharge Program Beaumont-Cherry Valley Water District Beaumont--Riverside The Beaumont-Cherry Valley Water District proposes to construct and operate groundwater recharge facilities in the Cherry Valley area. These facilities would divert storm water flows from Little San Geronio Creek, and establish recharge facilities along this creek and portions of Noble Creek. Facilities to be constructed include spreading grounds, desilting basins, transfer pipelines, constructed wetlands, and associated channel improvements.	<b>NOD</b>	
2002111095	Blossom Valley Ranch San Diego County Department of Planning and Land Use --San Diego The project is for a major subdivision consisting of 25 residential lots ranging in size from 1.0 to 6.9 acres on a 65.3 acre Blossom Valley Ranch project site. Each created lot will ultimately support a single family residence, septic leach field, landscaped area and driveway. Lot area averaging is proposed pursuant to Section 4230 of the Zoning Ordinance. Lot area averaging is propose to minimize impacts to biological resources including Diegan coastal sage scrub habitat types and the federally threatened California gnatcatcher. The project will construct three private roads. Pine Blossom Road will take access off of Blossom Valley Road. In addition, approximately 20.8 acres of open space easements are proposed to maintain areas of steep topography and to protect sensitive habitat	<b>NOD</b>

<b><u>Documents Received on Tuesday, April 01, 2003</u></b>			
	on-site.		
2002121018	Vesting Tentative Tract Map 6137 Bakersfield, City of Bakersfield--Kern A proposed tentative subdivision containing 316 lots for purposes of single family development, and 29 non-buildable lots, zoned R-1 (One Family Dwelling) and R-1HD (One Family Dwelling - Hillside Development) on 343.13 acres including a request for alternate lot and street design.	<b>NOD</b>	
2002122110	Fall River Mills Airport Layout Plan Shasta County --Shasta The proposed project would extend the runway by 1,400 feet, to 5,000 feet. A new parallel taxiway would be constructed. Reynolds Road would be realigned around the end of the new runway. Most of the existing aircraft apron, hangars, and other facilities on the easterly side of the airport would be relocated or replaced. The Fall River mills CSD wastewater treatment ponds would be modified, to make room for the other improvements.	<b>NOD</b>	
2002122129	Arroyo Corte Madera del Presidio Creek Retaining Wall Replacement Mill Valley, City of Mill Valley--Marin The project is the replacement of a 10 to 12-foot high, failed retaining wall (consisting of a wooden bulkhead founded on top of a concrete wall) with a 9 to 10-foot high vertical concrete wall, topped by a sloped bank. The filled area behind the new retaining wall (about 480 square feet) will be planted with native vegetation appropriate to the shady riparian habitat. Irrigation will be provided by the expansion of the drip irrigation system currently in place on the property.	<b>NOD</b>	
2003011107	Water Master Plan Implementation Project "A" Corona, City of Corona--Riverside Place a 12 inch pipe within the riparian area as part of the Corona Recycled Water Master Plan. The project will temporarily impact 0.57 acres of degraded riparian habitat. SAA #6-2003-075	<b>NOD</b>	
2003011108	Rehabilitation of Edinger Station, Rehabilitation of the A Street Pump Stations, and Replacement of the Bitter Point Pump Stations Orange County Sanitation District Huntington Beach, Newport Beach--Orange The Orange County Sanitation District (OCSD or District) currently maintains a collection system of gravity sewer and pump stations. A general assessment of OCSD's existing pump stations found several that are in need of substantial refurbishing and/or replacement. In response to the recommendations of that assessment, the proposed project would involve the rehabilitation of its Edinger Pump Station and the replacement of its A Street and Bitter Point Pump Stations. As part of the Bitter Point Pump Station, above-ground chemical storage facilities will be installed to reduce odor and corrosion within the sewer system.	<b>NOD</b>

2003021009	Stenner Creek-Foothill Bridge Replacement Project ER-188-02 San Luis Obispo, City of San Luis Obispo--San Luis Obispo Replacement of the existing Foothill Boulevard bridge crossing over Stenner Creek. The existing bridge, consisting of two 13-foot diameter culverts, is approximately 184-feet long and 31-feet wide. The new bridge would be a free span, open bottom design of approximately 49 feet long and 78 feet wide. The project would proceed in four general phases: 1) diversion and dewatering of Stenner Creek; 2) demolition of existing bridge structure and preparation of project site; 3) construction of new bridge structure; and 4) site restoration. The proposed bridge replacement would occur in two phases: 1) demolition and construction of the southern (downstream) aspects of the bridge; and 2) demolition and construction of the northern (upstream) aspects of the bridge.	<b>NOD</b>	
2003022087	Amber View Vineyard Lake County Community Development Department Lakeport--Lake A Conditional Use Permit to authorize grading to clear no more than 44 acres of native vegetation, grading for the installation of temporary and permanent erosion control measures and other grading and earthmoving of the planting and maintenance of a vineyard.	<b>NOD</b>	
2003049001	Watercourse Crossings for Timber Harvest Fish & Game #2 --Plumas Replacement and enlargement of two existing culverted crossings.	<b>NOD</b>

<b><u>Documents Received on Tuesday, April 01, 2003</u></b>			
2003049005	Southbrook Unit 10 Fairfield, City of --Solano The operator proposes to install a 36-inch reinforced concrete pipe storm drain outfall on the north side of Freeborn Creek, at the terminus of Cresthaven Court in the Southbrook 10 subdivision, Cordelia, Solano County.	<b>NOD</b>	
2003049006	Agua Mansa Recycling Market Development Zone Redesignation: Initial Study No. EDA/CEQA-2003-12 Riverside County Redevelopment Agency --Riverside, San Bernardino The project is the redesignation of the zone. The goal of this process is to continue to offer technical and financial assistance to recycling-based business that use secondary materials from the waste stream as feedback for there manufacturing processes. Also, to assist cities and counties to meet the state mandated fifty (50) percent reductin in solid waste streams going to local and regional landfills.	<b>NOD</b>	
2003049007	Borrego Fire Protection District; ZAP 89-025W2; Log No. 89-05-003B San Diego County Department of Planning and Land Use San Diego--San Diego The proposed project is an addition to an existing telecommunications facility at the Borrego Springs Fire Station. The addition includes 12 antennas within 3 antenna arrays of 4 antennas each. The antennas will be mounted below the existing antennas belonging to AT&T, Verizon, and Sprint. The supporting equipment includes 4 BTS cabinets, 1 electric meter pane, and 1 telephone interface.	<b>NOD</b>	
2003048001	Remedial Action Plan for the Lower Operable unit of Cal Compact Landfill Toxic Substances Control, Department of Carson--Los Angeles The proposed project is a Remedial Action Plan (RAP) for the Lower Operable Unit of the Cal Compact Landfill. The Cal Compact Landfill (Site) is divided into two operable units (OU's), an upper operable unit (UOU) and a lower operable unit (LOU). The UOU is defined as the shallow soils extending down through the waste zone to the bottom of the Bellflower aquitard. The LOU is defined as the start of the Gage aquifer, directly underlying the Bellflower aquitard, through the Lynwood aquifer and extending down to the Silverado aquifer. The Gage aquifer lies approximately 220 feet below ground surface at the Site. The LOU monitoring program consists of sampling the three Gage monitoring wells as follows: 1) Quarterly sampling and analysis for volatile organic compounds (VOCs), California Title 22 metals (dissolved), and semivolatile organic compounds (SVOCs) for a period of two years; 2) Semiannual sampling and analysis for VOC for a period of two years; and 3) Sampling and analysis for VOCs every third year for a period of up to forty-six years.	<b>NOE</b>	
2003048002	Rio Rancho Amigos Levee Repair Fish & Game #5 Fillmore--Ventura Repair and maintain the existing levee and restore native habitat on the west end of the property within the Santa Clara River.	<b>NOE</b>

<b><u>Documents Received on Tuesday, April 01, 2003</u></b>			
2003048057	Culvert Repair Fish & Game #3 --Mendocino SAA #1600-2003-0131-3 The work consists of the removal of an existing plastic liner from a concrete reinforced culvert and the reattachment of some of the separated culvert section.	NOE	
2003048058	Soquel Creek Stairway Installation Fish & Game #3 --Santa Cruz Project is to install a stairway in order to provide access to the creek. SAA #1600-2003-0028-3.	NOE	
2003048059	Capell Creek Tributary Culvert Installation Fish & Game #3 Napa--Napa The project is the installation of a 30-inch diameter, 20-foot long culvert in the channel of a tributary to Capell Creek. The culvert will be rolled into the creek trench, then the sides will be filled with about three cubic yards of gravel. The flow entrance of the culvert will be rip-rapped with stones. A 20-foot long, six-foot wide section of stream channel will be disturbed.	NOE	
2003048060	San Pedro Creek Fence Installation Fish & Game #3 Pacifica--San Mateo Project is to install a chain-like fence along the applicant's property line. Issuance of a Streambed Alteration Agreement Number 1600-2003-0197-3 pursuant to Fish and Game Code Section 1603.	NOE	
2003048062	City of Arcata Oxidation Pond and Klopp Lake Dike Repair and Island Maintenance Project Arcata, City of Arcata--Humboldt The City's Arcata Marsh and Wildlife Sanctuary contains a tidally influenced lake, Klopp Lake. Klopp Lake is tidally influenced by Humboldt Bay. Prior to its conversion to a brackish lake for wildlife habitat, the pond was used as a leachate basin for an adjoining sanitary landfill that was subsequently closed and capped. There are three islands in the center of the lake that are used as loafing islands by gulls, shore birds, pelicans and water fowl. These islands are being eroded by wave action due to winter storms and prevailing winds. The City is proposing to reinforce these islands and the shore areas with concrete riprap and or 12 to 14 inch boulders and fill behind them with clay to reestablish the islands and diked areas original contours while also halting the erosive action of the water. The outer dike of the oxidation ponds is also being eroded due to winter storms and prevailing winds. The City wishes to reinforce these dikes with concrete riprap and/or 12 to 24" diameter boulders. All the riprap fill will replace the original foot print of dikes or islands and will not fill new areas of Humboldt Bay or Klopp Lake.	NOE	
2003048063	Extension of 600 Lineal Feet of Sewer Main in the Proposed 14th Street Project Yucaipa Valley Water District Yucaipa--San Bernardino Extension of 600 lineal feet of sewer main in the proposed 14th street project in conjunction with the City of Yucaipa and San Bernadino, Associated Governments (SANBAG). The City project includes a bridge and complete street improvements and no opportune time to install the sewer.	NOE

2001112092	Central Larkspur Specific Plan Larkspur, City of Larkspur--Marin The Central Larkspur Specific Plan has been prepared under the provisions of California law Government Code Section 65450 et seq. governing specific plans. The draft Specific Plan was prepared by the City of Larkspur in order to comply with the requirements of the City of Larkspur General Plan that a specific plan be adopted for the 16.8 acre Niven Nursery property before the site can be redeveloped from its present use as a wholesale and retail nursery. The Specific Plan area also includes Doherty Drive, which borders the property to the north, and an area adjacent to the west side of the Niven property. The total land area, excluding Doherty Drive, is approximately 22.7 acres.	<b>NOP</b>	05/01/2003
2003042018	Glen Loma Ranch Specific Plan Gilroy, City of Gilroy--Santa Clara The proposed project is the Glen Loma Ranch Specific Plan for development of 359.6 acres on the Glen Loma Ranch. The project addresses specific land uses and development opportunities within the project site. The project site is entirely within the City of Gilroy. Santa Teresa Boulevard is located along the southern and western border of the site and Uvas Creek runs along the northern border. The eastern border consists of existing and planned residential developments. Eagle Ridge golf course and an existing residential development are located just west of Santa Teresa Boulevard. Miller Avenue currently bisects the project site, running north and south. Figure 1 presents the regional location of the project site. Figure 2 presents the project vicinity. Figure 3 presents Surrounding Land Uses. Figure 4 presents the Specific Plan Land Use Map. A copy of the Glen Loma Ranch Specific Plan is available for review at the City of Gilroy Planning Division offices. The Glen Loma Ranch Specific Plan would be adopted by the City of Gilroy as an amendment to the Gilroy General Plan. The project is consistent with the Gilroy General Plan and the Neighborhood District designation. The Glen Loma Ranch Specific Plan has an approved RDO allocation limit of 1,643 units.	<b>NOP</b>	05/01/2003

	be developed in two phases. Phase 1 would involve development on the currently vacant portion (the western half) of the project site, adjacent to the existing gas station. Phase 2 would be developed on the eastern portion after Phase 1 is completed and after the gas station facility is demolished. Both phases of the project would involve the same amount of development, or 50% of the overall development planned for in the project. As part of the entitlement process, the project requires a zone change from C-2 General Commercial, to C-2 PD, General Commercial Planned Development. Other City-approvals needed for the project include Design Review, a Conditional Use Permit (CUP), a Tentative Parcel Map, and a Growth Management Allocation. The project requires review by the City's Planning Commission who will make a recommendation to the City Council. The site is listed on Ventura County's list of leaking underground fuel tank (LUFT) sites due to a release of hazardous materials that occurred on the site in 1988.		
2003041012	Vesting Tentative Tract Map 6182 Bakersfield, City of Bakersfield--Kern Vesting Tentative Tract Map 6182 is a proposed tentative subdivision containing 361 lots on 104.86 acres for purposes of single family development, zoned R-1 (One Family Dwelling) including a request for alternate lot and street design, and request to waive mineral rights signatures pursuant to BMC 16.20.060 B.3 by providing a drill site.	<b>Neg</b>	05/01/2003

2001052055	Grenada Sanitary District Water System Project (SP-01-17) Siskiyou County Planning Department --Siskiyou The project includes the replacement of the water system for the community of Grenada, which is failing. If approved, a new system would include a new water source (well), disinfectant system, distribution lines, storage tank, and related equipment.	<b>NOD</b>	
2002021142	Proposed Construction, and Expansion of Burbank Elementary School San Diego Unified School District San Diego--San Diego The project will include: demolition of existing school structures; acquisition of property, removal of structures, and relocation of existing residents; site preparation and other improvements, and construction and operation of a 500-student (K-5) public elementary school and a 92-student Child Development Center.	<b>NOD</b>	
2002091101	Ventura Harbor Village Dock Replacement and Slip Reconfiguration Ventura Port District Ventura--Ventura The Ventura Port District proposes to repair and reconstruct portions of docks C, D, E, F, G, H and I in the Ventura Harbor Village boat basin that are substantially deteriorated and worn. In addition, the Ventura Port District proposes to reconfigure docks D, E, F and I to provide a greater variety of slip sizes and create some larger slips to accommodate commercial fishing vessels. The reconfiguration will reduce the total number of slips from 162 to 144 boat slips. Project construction will be divided into two phases over 5 years.	<b>NOD</b>	
2002092058	Harmon Special Permit Humboldt County --Humboldt A Special Permit for major vegetation removal per 313-64.1, Humboldt County Coastal Regulations, in a residential zone where it is not a principally permitted use. Portions of the parcel were cut under a Pacific Gas & Electric easement project several years ago. Follow-on treatment of the harvest area by the applicant resulted in the removal of the remaining stumps/slash and minor grading. No mature, healthy and/or scenic trees are removed by the applicant; however, the clearing activity may have inadvertently removed, western azaleas, considered a regionally sensitive species. A Mitigation Plan for the planning of western azaleas from local seed stock is proposed. The parcel lies within an area of the North Coast Area Plan which has not been certified by the State Coastal Commission. The applicant shall obtain a Coastal Development Permit from the State for major vegetation removal in this area.	<b>NOD</b>

2003011152	Vista del Verde Elementary School District Placentia-Yorba Linda Unified School District Yorba Linda--Orange Acquisition, construction, and operation of a new elementary school (K-5) at the southeast corner of Lake View Avenue and Valley View Avenue for approximately 700 students and 60 faculty and staff. The proposed facilities will total approximately 48,000 square feet on a 10 acre site. The buildings include permanent classroom facilities, administrative offices, a multipurpose building, library, and food services. Play courts and fields will also be built as part of the project.	<b>NOD</b>	
2003012087	Wood Processing and Alternative Cover Frequency at Mono County Disposal Sites Mono County --Mono In general, the project consists of two components, namely: 1) the temporary on-site and subsequent processing of clean wood waste into wood chips at all Mono County disposal sites: and, 2) the application of compacted soil cover on constructing and demolition (C&D) wastes at a minimum frequency of once every 90 days at the County's five smaller landfills. The purpose of shredding wood waste is to reduce the amount of material being buried in the County's landfills and to meet State-mandated waste diversion goals. Due to the inert nature of C&D waste, the low rate of C&D waste generation, and the dry climate in its high desert setting, the Mono County Department of Public Works proposes to cover this material on a quarterly basis rather than daily. Public Works has petitioned the Mono County Health Department to approve the proposed alternative cover frequency pursuant to section 20680 (f), Title 27, California Code of Regulations (27 CCR 20680 (1)).	<b>NOD</b>

2000072035	<p>Promenade at Natomas/Sacramento Auto Loop Project Sacramento, City of Sacramento--Sacramento</p> <p>The Draft EIR analyzes the development of the site under two development scenarios for the 126-acre project site. Development Scenario A consists of approximately 126 gross acres that includes approximately 65 gross acres of auto mall and auto-related uses with a maximum development potential of 308,600 square feet, approximately 30 gross acres of retail uses with a maximum development potential of 312,000 square feet, and 31 gross acres of Employment Center with a maximum development potential of 504,000 square feet. The estimated total number of parking spaces is 3,822. Development Scenario B proposes a retail oriented development consisting of regional retail, office, and assembly warehouse uses on 126 gross acres. The Draft EIR identified significant impacts for traffic, air quality, noise, biological resources and drainage under both development scenarios. Mitigation measures were identified to reduce many project impacts to a less than significant level. However, significant unavoidable impacts remain for traffic , noise, and air quality.</p>	EIR	06/02/2003

2003041036	State Route 46 4-Lane Widening Project Caltrans #6 --San Luis Obispo, Kern The California Department of Transportation (Caltrans) proposes to widen a 63.2-kilometer (39.3-mile) segment of State Route 46 located in San Luis Obispo and Kern counties. The project would widen the existing two-lane conventional highway to a four-lane expressway with an 18.6-meter-wide (61-foot wide) medium. A four-lane conventional highway with a 3.6-meter-wide (12-foot-wide median) is proposed for the segment through the community of Lost Hills in Kern County ending just east of the West Side Canal.	<b>JD</b>	05/05/2003
2003042035	Downtown Mixed-Use Project EIR Santa Rosa, City of Santa Rosa--Sonoma The proposed project consists of three individual but related development sites: The Rises, The White House, and the Ledson site. The Rises Site-Project implementation will result in the demolition of the existing single story retail uses and the construction of a ten-story (120 feet) mixed-use structure. The White House Site-Project implementation will result in the development of 20,000 square feet of ground floor retail uses, 90,000 square feet of market rate residential uses (60 units), 426 space public parking lot, and up to 700 additional parking spaces to be allocated for the proposed residential and retail land use. The Ledson Site-Presently, the site is developed with the historic Rosenberg Building. As proposed, the project will result in the retention of the historic Rosenberg building, a five-story redevelopment of the existing three-story eastern building, and a new ten-story high rise south of the Rosenberg building.	<b>NOP</b>	05/05/2003

2003041035	Morro Bay Chevron Station Remodel (Construct Retail Sales With a New Facade, Canopy and Landscaping) Morro Bay, City of Morro Bay--San Luis Obispo The proposed project involves the expansion of an existing, legal nonconforming service station structure and associated site improvements. The purpose of the expansion is to add a retail convenience store to the existing building. The existing building (1,187 s.f.) would be expanded by 801 s.f. to the rear and a new exterior facade and roof would be constructed for the entire building. The height of the building would be 19'7". The project also includes replacement of the existing canopy (with no increase in covered area) with a design consistent with the new building facade. Landscaping and parking would also be upgraded to meet current code requirements where feasible. Signage would also be modified, with new signs proposed on the building elevation facing Highway 41 and Main Street as well as relocation of the existing monument sign. Two existing pole signs are proposed to remain. The existing fuel tanks would also remain and have already been modified as necessary to meet current health and safety standards.	<b>Neg</b>	05/05/2003
2003041037	Tentative Parcel Map No. 26692 Rancho Palos Verdes, City of Rancho Palos Verdes--Los Angeles The proposed subdivision of a 24,533 square foot vacant parcel with an average slope of 24.7-percent into two parcels. Parcel one will be a vacant parcel containing a lot area of 12,227 square feet. Parcel two will also be a vacant parcel containing a lot area of 12,227. There is no current proposal for development of any kind on either proposed parcel at this time.	<b>Neg</b>	05/05/2003

1998031085	Terminus Dam, Kaweah River, California, Project Kaweah Delta Water Conservation District THREE RIVERS--Tulare To raise and widen the spillway at Terminus Dam, Lake Kaweah, California. The proposed mitigated negative declaration is for a modification to the project to allow a levy to be built around the Best Western Motel (1 side) and the raising of approximately 1,500 feet of State Highway 198.	<b>NOD</b>	
2002031115	UCLA 2002 Long Range Development Plan University of California, Los Angeles Los Angeles, City of--Los Angeles The project will construct a four-level parking structure with approximately 299 parking spaces, representing approximately 86,250 gsf of new construction in the Northwest-zone of the University of California, Los Angeles (UCLA) campus. The parking structure will be built into the hillside between Dykstra Hall and Tom Bradley International Hall on the existing surface parking lot DH. The project will replace 233 existing surface spaces and will provide approximately 66 additional spaces. The parking structure will serve residence hall housing proposed as a part of the Northwest Housing Infill Project (NHIP), as well as the Tom Bradley International Hall. The parking entrance level will be at the same grade as the Bradley Motor Court with three levels of parking partially below grade. Pedestrian access will be integrated into the surrounding paths.	<b>NOD</b>	
2002031115	UCLA 2002 Long Range Development Plan University of California, Los Angeles Los Angeles, City of--Los Angeles The project will construct three, nine-story residential hall buildings on infill sites among existing residence halls in Hedrick and Rieber Precincts of the Northwest-zone of the UCLA campus. The new residence halls will total approximately 552,000 gsf and will provide up to 2,000 beds of undergraduate housing. The project includes: 1) construction of Hedrick North Residence Hall and renovation of the first floor of the existing Hedrick Hall, 2) construction of Rieber North and Rieber West Residence Hall and renovation of the first floor of the existing Rieber Hall, and 3) renovation of the first floor of the existing Sproul Hall.	<b>NOD</b>	
2002031115	UCLA 2002 Long Range Development Plan University of California, Los Angeles Los Angeles, City of--Los Angeles The project involves implementation of the University of California, Los Angeles (UCLA) 2002 Long Range Development Plan (LRDP), a land use plan to guide development of the UCLA campus through the horizon year 2010-11 in support of the University's teaching, research, and public service mission. The 2002 LRDP proposes to accommodate future growth within the remaining development capacity of 1.71 million gsf, previously approved under the 1990 LRDP, while also maintaining the limits on parking spaces and vehicle trips articulated in the 1990 LRDP.	<b>NOD</b>	
2003011037	Nash Road Bridge Over San Benito River Replacement Project San Benito County Hollister--San Benito The proposed project consists of the replacement of the Nash Road Bridge (Bridge Number 43C-0048) over the San Benito River and to increase the level of safety for traffic on Nash Road. The new bridge will essentially be constructed along the original alignment, within the existing right-of-way. The proposed bridge	<b>NOD</b>

<b><u>Documents Received on Friday, April 04, 2003</u></b>			
2003048101	Maintenance Dredging at San Francisco Dry Dock Regional Water Quality Control Board, Region 2 (San Francisco Bay), Oakland San Francisco--San Francisco Maintenance dredging of approximately 228,000 cubic yards of sediments, to a project depth of -62.5 feet Mean Lower Low Water, with a two-foot overdredge allowance, with disposal of the dredged sediments at the Alcatraz Dredged Material Disposal Site in San Francisco Bay.	<b>NOE</b>	
2003048102	Invasive Plant Removal Parks and Recreation, Department of --Mendocino Remove outlying and new infestations of exotic, invasive weeds to improve native habitats, consistent with Department resource management policies and directives. Removal efforts will focus primarily on natural areas where there have been recent and relatively small invasions of French broom.	<b>NOE</b>	
2003048103	Stream Crossing Repair - Greenwood River Access Area Parks and Recreation, Department of --Placer Repair failed concrete stream crossing located within Greenwood river access at Auburn State Recreation Area. Crossing repairs are necessary to facilitate transportation of heavy construction equipment into Greenwood Area for facility improvements. Remove loose gravel and rocks from beneath concrete approach aprons, form up sidewall areas, then fill cavities beneath crossing with application of a pressure grout system.	<b>NOE</b>	
2003048104	Satellite Dish Sound System Installation-Dining Complex Parks and Recreation, Department of --Monterey Install satellite dish sound system within Dining Complex at Asilomar State Beach to enhance visitor experience and support ongoing concessionaire operations. Place small satellite dish on roof of structure, then route wiring through roof and attic to alcove housing receiver. All work is reversible and will not impact historic fabric or integrity of structure.	<b>NOE</b>	
2003048105	Volleyball Court Area Enhancements Parks and Recreation, Department of --Monterey Rehabilitate volleyball court recreation area at Asilomar State Beach to improve accessibility and visitor services and support ongoing concessionaire operations. Realign volleyball sandpit to allow placement and construction of a new ADA-accessible natural gas-operated campfire ring and associated underground service line. Remove one pine tree and replace/realign an existing split rail fence to facilitate new volleyball sandpit alignment. Landscape recreation area with native vegetation, including the planting of approximately five new trees in general vicinity of removed tree. Construct ADA-compliant paths from existing parking area to recreation area; modify existing curbs and paths as necessary. Install twin drinking fountains, including at least one ADA-compliant fountain, with associated water lines adjacent to new path. Install one new hose bib and two new light standard poles with associated utility lines adjacent to new campfire ring.	<b>NOE</b>

2003048106	Ranger/Lifeguard Office Deer Mice Control Parks and Recreation, Department of --San Bernardino Project addresses a health and safety issue caused by an infestation of rodents in historic structure serving as park headquarters, by exterminating the rodents, removing rodent feces and sealing all entrance holes with expanding foam.	<b>NOE</b>	
2003048107	Emergency Permit for One Time Treatment at Lawrence Berkeley National Laboratory of a Maximum of 500 Grams of Diethyl Ether Contained in a Steel Can Lawrence Livermore National Laboratory Berkeley--Alameda The Department of Toxic Substances Control (DTSC) has granted an Emergency Permit in accordance with Title 22 to allow one time treatment of a hazardous waste. This treatment will take place between the dates of April 3, 2003 and April 21, 2003. The treatment will be completed within one day during this time period. The waste consists of liquid diethyl ether contained in a steel can with an approximate capacity of one liter.	<b>NOE</b>	
2003048108	Safety-Kleen Systems Incorporated, Class 2 Permit Modification for Aqueous Hazardous Waste Bulking Procedure and the Modification to the Drum Cleaning Operation Toxic Substances Control, Department of Sacramento--Sacramento The Class II Hazardous Waste Facility Permit Modification will convert one of the two drum washer units to be used for aqueous cleaning solvents (Unit). These two drum washer units are currently used for washing of solvent based drums. The piping to the unit will be modified to allow the aqueous cleaning waste to be transferred and bulked into awaiting tanker trailers instead of underground storage tanks. The old pipe connecting two drum washing units will be sealed off but maintained for future use. As a result, the unit will no longer have any connections to the underground storage tanks. After the tanker trailers are near full, they will then be transported to appropriate facility for further processing.	<b>NOE</b>	
2003048109	Crosby & Overton, Long Beach Facility Class 1 Permit Modification Toxic Substances Control, Department of, California Environmental Protection Agency Long Beach--Los Angeles The Crosby & Overton Long Beach Facility has requested a Class I Permit Modification to their Hazardous Waste Facility Permit.	<b>NOE</b>	
2003048110	Permit Modification to Clarify Waste Codes Department of Toxic Substances Control Gilroy--Santa Clara Metech International, LLC operates a precious metals recycling facility, in Gilroy, that was originally issued a Series B, Standardized Hazardous Waste Facility Permit in December, 1997. The Class 2 Permit Modification clarifies the types of ignitable solvents that might be present in residual quantities in an existing "Waste Stream J," identified in the existing hazardous waste facility permit. The waste is treated in roasting furnaces for the recovery of precious metals. The proposed permit modification constitutes a minor modification to an existing facility involving like materials without any increase to the facility operating limits or capacities. The modification would modify the facility's waste analysis plan to assure adequate profiling of the Waste Stream J and limit its waste constituents and waste types.	<b>NOE</b>

<b><u>Documents Received on Monday, April 07, 2003</u></b>			
2002041076	Logan Heights Branch Library San Diego, City of Lemon Grove--San Diego The project consists of a new 25,000 square foot library to be located on the campuses of Logan Elementary and Memorial Junior High Schools.	<b>NOD</b>	
2002041092	Santa Maria Library Expansion Santa Maria, City of Santa Maria--Santa Barbara The project consists of the development of a new 62,000 square foot library.	<b>NOD</b>	
2002041114	Sierra Vista Hospital Master Plan San Luis Obispo, City of San Luis Obispo--San Luis Obispo The hospital is proposing an 85,000 square foot, three-story addition to the existing structure to enable approximately 24 additional beds and expanded cardiac care services. To accommodate the existing and anticipated parking demand, a new garage is proposed with roughly 400 parking spaces. A central plant is proposed adjacent to the garage to house new mechanical equipment. Changes are also proposed to the on-site surface parking and circulation through the site.	<b>NOD</b>	
2002041116	Oceanside Transit Center Parking Structure Oceanside, City of Oceanside--San Diego Development of a 450-stall, three level parking structure on a 1.9 acre project site.	<b>NOD</b>	
2002041127	Main Library Expansion Project Orange, City of Orange--Orange The City of Orange is expanding its Main Library from 17,000 square feet to 45,000 square feet, and increase of 28,000 square feet by constructing a two story addition to the westerly facade of the existing library building.	<b>NOD</b>	
2002042064	Civic-Library Building Hercules, City of Pinole--Contra Costa The project involves the construction of a 20,447 square foot, multi-level building to be used as a library, with community meeting rooms. The site will also include 57 parking spaces, landscaping and driveways.	<b>NOD</b>	
2002042136	Pacific Bell Humboldt County Planning Department Trinidad--Humboldt A Coastal Development Permit to place fiber optic phone cable along existing road right-of-ways from Railroad Avenue via Central Avenue in McKinleyville to the City of Trinidad. Most cable sections will be placed underground and involve directional drilling primarily along the east side (upslope) of county roads. Some highly curved road sections may require open trench construction with backfill and compaction to county standards. Stream crossings will be along the side of existing bridges/culverts or directionally drilled under streams. Little River will be crossed via aerial cable on existing poles. The project will occur in two phases. Phase 1 will commence by spring or early summer of 2002, and will take approximately 6 months. Phase 1 will focus on the Westhaven area as the County roadway in this portion is scheduled to be repaved at this time. Phase 2 will consist of the remainder of the project and will follow Phase 1.	<b>NOD</b>

2002071111	<p>General Plan Amendment No. 03-01, Zone Change No. 01-01, Revised Tentative Tract Map No. 53821, Precise Plan No. 03-01, Administrative Use Permit No. 3-01 West Covina, City of West Covina--Los Angeles</p> <p>The project consists of the development of the vacant 11.06-acre site with a 58-unit, single-family residential, detached housing project. A 46-unit subdivision on the east 9.1 acres of the site was approved on September 17, 2002 by the City Council. The project proposes to incorporate an additional 1.96 acres and 12 units, for a total of 58 units. The following entitlements are required to facilitate the project:</p> <p>1) General Plan Amendment No. 03-01 proposes to change the General Plan Designation of 1.9-acres from "Planned Development" to "Low Medium Residential" (4.1 to 8.0 Dwelling Units per Acre). 2) East Hills Master Amendment No. 12 proposes to change the land use designation of the Master Plan from "Planned Development" to "Low Medium Residential" (4.1 to 8.0 Dwelling Units per Acre). 3) Zone Change No. 03-01 proposes to change the zoning classification on 1.9-acres from "Specific Plan No. 3" to "Specific Plan No. 17." 4) Revised Tentative Tract Map No. 53821 proposes to subdivide the 11.06-acre site into 58 single-family lots and five lots for streets, slope areas, and the on site watercourse. 5) Precise Plan No. 03-01 for the site design and architecture of the site. 6) Administrative Use Permit No. 03-01 for the construction of retaining walls in excess of four feet in height.</p>	<b>NOD</b>	
2002092013	<p>Amendments to the Community Improvement Plans for the Alameda Point Improvement Project (APIP), the Business and Waterfront Improvement Project &amp; Waterfront Imp Alameda, City of Alameda--Alameda</p> <p>The amendments include amendments to the APIP and BWIP boundaries to consolidate the entire Catellus East Housing site into the BWIP boundaries (portions of the site are currently located within both the contiguous APIP and BWIP areas); amendments to the BWIP and WECIP to merge the two projects for purposes of pooling tax increment revenue between the two areas; and various technical changes to the APIP, BWIP and WECIP, including extending and re-establishing eminent domain authority over non-residential properties, to enable continued and expanded implementation of the three Improvement Projects.</p>	<b>NOD</b>	
2002111050	<p>Old El Camino Real San Diego, City of San Diego--San Diego</p> <p>Site Development Permit, Coastal Development Permit, and Tentative Map for an 8-lot, single family residential development on a 2.148 acre site.</p>	<b>NOD</b>	
2002121095	<p>Vesting Tentative Tract Map 6149 Bakersfield, City of Bakersfield--Kern</p> <p>A proposed subdivision on a total of 174.68 acres, containing 558 lots on 169.43 acres for the purposes of single family development, and 2 lots containing 5.25 acres for public park purposes, zoned R-1 (one Family Dwelling) including a request for alternate lot and street design.</p>	<b>NOD</b>

	building, a multi-purpose building, a media center/library building, and a two story classroom building. The school will also include student and visitor parking areas, hardscape play areas, turfed athletic fields, and a large turfed amphitheater and lunch shelter area for student activities and performances.		
2003022056	Empire Business Park DR-02-40 Pittsburg, City of Pittsburg--Contra Costa This is a request for design review approval of architectural and site development plans to construct a 104,433 square foot addition to an existing 305,665 square foot building for future occupation of unspecified commercial and/or light industrial uses on 35.85-acre lot located at 701 Willow Pass Road. IP District; APN 085-280-002.	<b>NOD</b>	
2003049013	EA 38412 Riverside County Planning Department --Riverside CUP03349 is a convenience store, with beer, wine sales, and take-out food, in an existing building with a proposed life span of 20 years.	<b>NOD</b>	
2003049015	Kibbee/Blackwolf Estates L14255, Log No. 91-15-007A San Diego County Department of Planning and Land Use --San Diego The project proposes the grading associated with the approved TM4978RPL. There are two changes: the addition of a detention basin in the southeast corner of Lot 1 and the construction of a waterline easement from East Victoria, along an adjacent property owner's existing driveway to the project site. Additionally, during the condition of satisfaction portion, DPLU analyst Maggie Loy has reviewed and approved the proposal to dedicate additional open space on the parcel adjacent to Blackwolf Estates (Viejas Hills) instead of off site purchase of habitat. This new condition to dedicate 18.5 acres must be satisfied prior to the release of securities or deposits for L14255. This condition satisfies Conditions C.13.f, g, and h. Maggie's memo is dated September 12, 2002 and is available within the DPLU file under Log No. 91-15-007A.	<b>NOD</b>	
2003049016	West Fryer Creek Outfall Fish & Game #3 Sonoma--Sonoma The project is the removal and replacement of an existing storm drain outlet for an 11-lot subdivision located on West Fryer Creek approximately 600-feet south of West MacArthur Street in the City of Sonoma. At the top of the bank, the existing drainage structure will be removed and replaced with a standard concrete drop inlet. Existing rip-rap will also be replaced. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number 1600-2003-0164-3 pursuant to Section 1603 of the Fish and Game code.	<b>NOD</b>	
2003049024	Julian Branch Library Library, California State --San Diego This project consists of a 9,537 square foot library to be built on the campus of Julian Union High School.	<b>NOD</b>

2003041048	Draft Program Environmental Impact Report for Proposed Draft 2003 Air Quality Management Plan South Coast Air Quality Management District --Orange, Los Angeles, Riverside, San Bernardino SCAQMD has prepared a Draft Program Environmental Impact Report (PEIR) for its 2003 AQMP, which is a planning document that sets forth policies and control measures to achieve federal and state ambient air quality standards in the region. The project includes short-term and long-term control measure for stationary and mobile sources to be implemented with a cooperative partnership of government agencies at the federal, state, regional and local level.	<b>EIR</b>	05/22/2003
2003041051	EIR03-01/General Plan Amendment (GPA03-04)/Zone Change (ZC03-03)/Zone Amendment (ZA03-05) and Miscellaneous (M03-17) Glendora, City of Glendora--Los Angeles The City of Glendora is amending its General Plan (GPA03-04), creating a specific plan zone (ZC03-03), adopting a specific plan (ZA03-05) and design guidelines (M03-17) to facilitate the adoption of new land use regulations within the project area. The General Plan Amendment will amend the City's Land Use Element to recognize the creation of a specific plan and designate goals and objectives for the Route 66 Specific Plan. The City's Circulation Element will also be amended to recognize a level of service "D" as an acceptable level of service. The Specific Plan anticipates the creation of six distinct land use districts within the project area to facilitate office, industrial, manufacturing, retail and residential uses. Uses may be co-mingled in a "mixed use" arrangement. New development standards will be created to allow greater building intensities and floor area ratios (such as allowing an increase in building height from two stories up to four stories), creation of pedestrian oriented streetscapes, which include attractive architecture, street furniture, public and private landscape and hardscape improvements, and public signage. The maximum build-out scenario indicates the following uses could be supported during a 15-20 year plan horizon.	<b>NOP</b>	05/07/2003

2001121009	Hidden Valley Ranch EIR Poway, City of Poway--San Diego The Hidden Valley Ranch project site is approximately 420 acres in size. The project proposes to subdivide the site into residential, natural open space, and agricultural land uses. The existing residence and the majority of the agricultural groves and related facilities are proposed to remain on site. The project would result in 41 single-family residential lots (approximately 355.1 acres gross acres). Forty of the lots (97.47 gross acres) would range in size from 1.00 net acre to 8.83 net acres. Lot 41, which contains the existing residential structure comprises approximately 257.63 acres and would retain the on-site residence, 4-hole golf course, tennis court, and agricultural operation and maintenance facilities. The majority of Lot 41 would remain in agriculture. The ball field and picnic area in the western portion of the site are proposed to be converted into a habitat restoration and enhancement area. Five golf holes are proposed to be added at a later time to the existing four-hole golf course. The project proposes three open space lots (A, B, and C) totaling approximately 57.5 acres. Open space easements (i.e., biological conservation easements for areas required for habitat preservation and open space easements for other areas of general open space use) will be granted to the City of Poway and the wild life agencies over these open space lots and a portion of Lot 41. Open Space/Wildlife Corridor Lot B consists of approximately 14.30 acres and is located north of Lot A along Old Coach Road. Open Space Lot C consists of approximately 19.3 acres and is located in the extreme northeast portion of the project site.	EIR	05/23/2003
2002051010	San Diego State University Imperial Valley Master Plan Project California State University, San Diego Brawley, Calexico--Imperial The proposed SDSU Imperial Valley Campus Master Plan project is intended to improve and enhance facilities on the existing Imperial Valley Campus-Calexico ("IVC Calexico") site, and to increase education opportunities by adding a second campus in the northern part of the County. The overarching goal of this plan is to expand the educational offerings in the Imperial Valley. The proposed project would result in the possible addition of new classroom and administrative buildings on the IVC Calexico to increase the full time equivalent enrollment (FTE) from 400 FTE to 850 FTE. The second campus, Imperial Valley Campus-Brawley ("IVC Brawley") would result in the development of new classroom and administrative	EIR	05/23/2003

2003048179	Los Cabalos Comfort Station Replacement Facility (01/02-CD-42) Parks and Recreation, Department of --San Diego Project consists of the demolition of an ADA non-compliant, wood-framed, structurally unsound restroom, with a 30% larger accessible Series 250 Comfort Station at the same location, which will require site clearing, grubbing, and grading up to a maximum depth of 30", minimum grading to provide for adequate drainage and ADA compliant walkways/parking area, and trenching up to 100 feet for utility lines. Sufficient expansion area exists to accommodate new footprint without disturbance of native vegetation and significant change of topography.	<b>NOE</b>	
2003048180	Monterey Branch Line Monterey County Transportation Agency Seaside, Monterey, Marina, Sand City--Monterey The proposed project is the acquisition for the Monterey Branch Line from the Union Pacific Railroad for institution of rail service on the existing railroad right-of-way. The proposed rail service is envisioned to provide intra-city service between the Monterey Peninsula and San Francisco, with concurrent connectivity provided to intra-city Amtrak routes and to commuter rail service (Caltrain) that is available or planned between Monterey County and the Bay Area.	<b>NOE</b>	
2003048199	ZAP 00-113W, Log No. 00-08-035A; Kent's Bromeliad Nursery - Sprint PCS San Diego County Department of Planning and Land Use San Diego--San Diego This project proposes a modification to a previously approved minor use permit for an unmanned wireless telecommunication transmitting facility. The modification consists of replacing the approved 40-foot high antenna monopine, with a 40-foot high monopole disguised as a broadleaf tree (mono-broadleaf). Also modified will be the type of live trees to be planted around the equipment. Two 22-foot live Tristania Conferta trees will be planted near the equipment enclosure and monopole as well as four, six-foot Eucalyptus Lehmanni trees and Ficus Ripens Climbing Fig trees. The antennas and all of the support equipment will be within a 12 x 30 square-foot lease area, which will be enclosed by an 8-foot split face wall with a lattice cover.	<b>NOE</b>	
2003048200	Nextel - Old Highway 395 Telecommunications Facility; ZAP 02-040; Log No. 02-02-015 San Diego County Department of Planning and Land Use San Diego--San Diego The project proposes a Minor Use Permit by Nextel to develop, operate, and maintain a 232 square foot unmanned, wireless telecommunications facility. The proposed facility will consist of six panel antennas mounted on three 35-foot flagpoles. Two Nextel panel antennas will be mounted on each flagpole and the antennas will be centered at the 25'-0" and 32'-0" levels. The project will also include one 10'0" x 20'-0" equipment shelter with two Nextel GPS antennas mounted to clear the top of the shelter and two wall mounted HVAC units. Access will be made from Tecalote Lane to the existing golf resort (Pala Mesa Resort). The zoning use regulation is A70 (Limited Agricultural).	<b>NOE</b>

2003041057	Sycamore Landfill Master Plan San Diego, City of San Diego--San Diego Planned Development Permit, Site Development Permit and Community Plan Amendment for the purpose of implementing the proposed Sycamore Landfill Master Plan. The Master Plan proposes to allow landfill and ancillary development to occur on parcels of land that are presently located outside of the landfill boundary. Specific parcels associated with the project are APN's 366-031-14, 366-031-18, 366-070-13, 366-080-16, 366-080-25, 366-080-26, 366-070-12, 366-071-12, 366-071-33, and a parcel within State Route 52 right-of-way (Caltrans).	<b>NOP</b>	05/09/2003
2003042068	Mountain Vista and Sycamore Glen Subdivisions Chico, City of Chico--Butte Two vesting tentative subdivision maps and related permits and approvals to allow for the development of up to 680 residential units (409 single-family and 271 multi-family units) and up to 50,000 sq.ft. of neighborhood commercial floor space.	<b>NOP</b>	05/09/2003
2003041058	MDS Development Tentative Map San Diego County Department of Planning and Land Use --San Diego The project is a major subdivision on the 75.5 acre MDS Development project site. The project proposes to develop 30 residential lots, ranging in size from 2.0 acres to 4.1 acres each. Each created legal parcel will contain a residence, septic leach field, fire clearing (limited building zone), landscaping and driveway. The project will construct two private roads: Tiffany Real and Lapis Lane, with additional offsite road improvements of Tiffany Real connecting to Black Canyon Road. The project will construct two water tanks and a 20 foot water line easement immediately offsite at the extreme northwestern corner of the project site. The project will have 86,150 cu yds of cut with 2:1 cut slopes, and 86,150 cu yds of fill with 2:1 fill slopes. The project will have imported water supplied by Ramona Municipal Water District, and fire service by the Ramona Fire Department/CDF. The project proposes to vacate an existing open space easement in the northeastern portion of the project site, and place two of the major drainages that bisect the project site from north to south in open space easements with setbacks. The open space easements will preserve biological resources and water resources.	<b>Neg</b>	05/09/2003

2002052136	Paiute Cutthroat Trout Habitat Restoration Project Fish & Game #2 --Alpine Chemically treat 6 miles of Silver King Creek, 5 miles of tributaries, and Tamarack Lake with rotenone in September 2003 and 2004 (and possibly 2005) to remove hybridized cutthroat trout. This project will allow for the restoration of Paiute cutthroat trout, a federally threatened species.	<b>NOD</b>	
2003011095	Rosamond Outfall Relief Trunk Sewer, Section 1; Rosamond Outfall Replacement Trunk Sewer, Section 2; and Trunk "F" Replacement Sewer, Section 1 Los Angeles County Sanitation District Lancaster--Los Angeles Construction of approximately 12,500 feet of 66-inch diameter rubber gasketed reinforced concrete pipe relief sewer, approximately 12,200 feet of 78-inch diameter rubber gasketed reinforced concrete pipe replacement sewer, and approximately 8,900 feet of 54-inch diameter rubber gasketed reinforced concrete pipe replacement sewer.	<b>NOD</b>	
2003049021	Stevens Creek Crib Wall Fish & Game #3 Los Altos--Santa Clara The proposed project involves stabilizing the northern bank of Stevens Creek by the construction of a reinforced concrete crib wall as described in the Swanson Hydrology and Geomorphology (2/28/2003) project plans. This concrete crib wall is a Caltrans standard "Type C" crib wall and is fourteen feet tall and thirty six feet long. The footing of the crib wall will be located approximately four feet below the base of the channel. The toe of the crib wall will be faced with a system of anchored root wads, stabilized by multi-sized rock-slope protection, and revegetated with native willow trees, as well as other native vegetation. The vegetated rock slope protection will require approximately 40 cubic yards of half-ton rock, one "aqua log," and two redwood logs. A mechanically stabilized earth (MSE) slope with a 1.5:1 slope will extend from the top of the crib wall to the top of the existing bank. The new MSE slope will match adjacent stream bank slopes, provide necessary stabilization to the fill area, and will be revegetated with native plants ecologically suitable to the local riparian corridor.	<b>NOD</b>	
2003049022	General Plan Amendment GPA-4-02 (D), Zone Change ZC-7-02, SPA-1-29 (A-21) and Site Plan SP-16-02 Victorville, City of Victorville--San Bernardino To amend the City's Southern California International Airport (Southern California International Airport has been renamed to Southern California Logistics Airport [SCLA]). Specific Plan by adding 320 acres of land on the north edge of the Specific Plan area. The 320-acre area will be designated Airport Support Facilities (ASF) on the Specific Plan; the General Plan will be amended to designate the 320-acre parcel Specific Plan; and a Site Plan is being submitted for 240 acres of the 320-acre site to construct and operate an aircraft storage and maintenance area.	<b>NOD</b>

2003048198	<p>Trinity 299 Grinding Caltrans #2 --Trinity</p> <p>This project proposes to correct the super elevation at the above referenced locations, using a combination of grinding and paving. Existing guardrail and drainage systems will be adjusted as needed. The drainage channel at approximately post mile 47.0 will be cut deeper into the rock cut face to prevent water and debris from flowing onto the roadway during heavy rain activity. This is a Minor A safety project. Below the north end of the existing guardrail, located east of the runway truck ramp is the start of a wetland. Avoidance measures must be taken to prevent spillage of material into the wetland during construction.</p>	<b>NOE</b>

2002112106	Coastal Trails Rehabilitation Project Parks and Recreation, Department of --Marin The Department of Parks and Recreation proposes to make the improvements described herein to the Lone Tree and Coastal Fire Roads in the Mount Tamalpais State Park. -Convert one-half mile of existing road to trail by narrowing the road surface. Three-tenths of a mile of Coastal Fire Road and two-tenths of a mile of Lone Tree Road will be narrowed to trail. This portion of the project would involve the mechanical excavation of road embankment and landing fill, and stabilization of excavated materials on the inboard edge of the cutbench. A narrow portion of the road cutbench would be preserved to serve as the trail bed. -Construct new trail to replace the poorly aligned portions of the existing roads that are contributing to drainage problems and erosion of the road surfaces. Approximately 2.1 miles of trail would be constructed in place of Coastal Fire Road and 2.7 miles of trail would be constructed to replace Lone Tree Fire Road. -Re-contour 3.1 miles of poorly aligned sections of the fire roads (1.6 miles of Coastal Fire Road and 1.5 miles of Lone Tree Fire Road) to pre-disturbance topography by excavating embankment fill from the roads and stabilizing excavated material on the cutbench.	<b>NOD</b>

2003048222	City of Arcata Oxidation Pond and Klopp Lake Dike Repair and Island Maintenance Project Arcata, City of Arcata--Humboldt The City's Arcata Marsh and Wildlife Sanctuary contains a tidally influenced lake, Klopp Lake. Klopp Lake is tidally influenced by Humboldt Bay. Prior to its conversion to a brackish lake for wildlife habitat, the pond was used as a leachate basin for an adjoining sanitary landfill that was subsequently closed and capped. There are three islands in the center of the lake that are used as loafing islands by gulls, shore birds, pelicans and water fowl. These islands are being eroded by wave action due to winter storms and prevailing winds. The exterior and interior shores of the lake are also being eroded by wave action due to winter storms and prevailing winds. The City is proposing to reinforce these islands and the shore areas with concrete riprap and/or 12 to 14 inch boulders and fill behind them with clay to reestablish the islands and diked area's original contours while also halting the erosive action of the water. The outer dike of the oxidation ponds is also being eroded due to winter storms and prevailing winds. The City wishes to reinforce these dikes with concrete riprap and/or 12 to 24" diameter boulders. All the riprap fill will replace the original foot print of dikes or islands and will not fill new areas of Humboldt Bay or Klopp Lake.	<b>NOE</b>	
2003048223	California Highway Patrol - Victorville Area Office California Highway Patrol, Department of Victorville--San Bernardino This project involves the expansion of the CHP rear parking lot on CHP state owned property. This involves constructing a retaining wall, asphalt paving, exterior lighting and fencing.	<b>NOE</b>	
2003048224	Upgrading and Repairing Tennis Courts 42603 Elm Avenue Greenfield Public Recreation District --Monterey Tennis courts are in dire need of repair with cracked asphalt and eroded playing surfaces. We want to restore them to good quality courts for our many tennis enthusiasts and serious players.	<b>NOE</b>	
2003048225	Greenhouse Installation Parks and Recreation, Department of --Calaveras Construct portable greenhouse within maintenance compound at Calaveras Big Trees State Park to support ongoing propagation/ revegetation programs at the park.	<b>NOE</b>	
2003048226	North Grove Trail Rehabilitation Parks and Recreation, Department of --Calaveras Rehabilitate North Grove Trail at Calaveras Big Trees State Park to meet ADA standards and improve visitor services and recreational opportunities within the park. Regrade surface of the trail to 1% slope, including realignment of an approximately 250-foot section of trail to provide proper gradient.	<b>NOE</b>

<b><u>Documents Received on Monday, April 14, 2003</u></b>			
	Combined with the existing regional plant capacity of 11.0 mgd, the additional 7.0-8.5 mgd would increase total treatment capacity of VVWRA to at least 18 mgd. The increase is intended to meet the VVWRA project requirement for 18.62 mgd of treatment capacity by the year 2020. VVWRA currently treats about 9 mgd, of which 6 mgd is discharged to Mojave River and about 3 mgd is discharged to percolation ponds.		
2003041091	Casitas Springs Arundo Donax Removal Demonstration Project Ventura County --Ventura  The proposed project is a 7 year program that includes initial giant cane removal followed by repeat removal treatments, native plant re-establishment, and revegetation monitoring. The demonstration site would be separated into 4 areas and 4 different types of removal methods would be implemented to evaluate their effectiveness. The removal methods proposed for the site include: 1. Mechanical removal of biomass immediately followed by the planting of the remaining stems with an herbicide at appropriate cut-stump concentrations (50 percent to 100 percent volume-to-volume [v/v]) ("cut and paint"). 2. A foliar spray application of the biomass at a concentration of approximately 1.5 percent to 6 percent v/v and then letting the biomass remain on site until it is dead. The dead materials would then be removed mechanically. 3. Removal of the biomass mechanically without applying any herbicide and subsequently treating regrowth with an herbicide, as appropriate, as it emerges. 4. Mechanical removal of the biomass, including excavation of the root mass, followed by monitoring and hand removal of regrowth.	<b>NOP</b>	05/13/2003
2003012014	The Recirculation of the Revised Cal North Wireless Application for a 50 Foot Tall Wood Telephone Pole-Style Cellular Communication Facility Humboldt County Arcata--Humboldt  A Coastal Development permit is required for a cellular communications facility in the Agricultural Exclusive (AE) zone within the Coastal Zone. Furthermore, the Minor Generation and Distribution Facilities Use Type is conditionally permitted in the zone. The project will develop a wood faux water pole-style cellular facility not to exceed 50 feet in height. The site will house two sets of 8 foot cellular whip antennas at 28' elevation, one 2' diameter microwave ("planar") dish at +/- 24' and three 8"x12"x60" panel antennas at +/- 45 feet (these "mid-point" elevations are estimates and the actual height may vary by up to ten feet). The site will be located within a 3,600 square foot lease area which will be surrounded by a 6' chain link fence. +/- 192 square foot equipment shed and a 500 gallon propane tank for back-up purposes will also be developed within the lease parcel. Day-to-day power will be provided by PG&E. A Building Permit and cumulative RF Study will be required of this applicant. The parcel is currently partially developed with a single-family home facing Moxon Lane, a barn and related agricultural outbuildings. The majority of the parcel is fenced grazing land.	<b>Neg</b>	05/13/2003
2003041082	EAHN 1-02; Tentative Parcel Map 10871 Kern County Planning Department Bakersfield--Kern  The project site consists of 237.17-acres that are currently under cultivation, located at the southwest corner of Shafter Road and Ashe Road. The requested act includes a tentative parcel map that will result in the subdivision of the property into 12 agricultural lots ranging in size from 20.136-acres to 20.146-acres in size; one development variation to the Kern County Land Division Ordinance to allow a	<b>Neg</b>	05/13/2003

	approximately 4 feet wide by four feet long and would be constructed just prior to the existing bridge being demolished and would be removed after the new bridge is installed. This bridge would be removed from the channel prior to the rainy season. The proposed project also includes measures to enhance the aesthetics and biological habitats of the creek through bed and bank stabilization and native plant landscaping.		
2003041088	Coon Creek Fish Passage Enhancement San Luis Obispo, City of --San Luis Obispo  Coon Creek represents pristine spawning and rearing habitat for Southern steelhead trout ( <i>Oncorhynchus mykiss</i> ). Access to the creek by returning adult steelhead has been prevented since heavy storms in 1995 blocked several undersized culverts beneath the extension to Pechos Valley Road, which passes over the creek approximately 0.25 miles from the confluence with the Pacific Ocean. The purpose of the proposed project is to replace the blocked culverts to restore unimpeded passage to anadromous fish into Coon Creek, allowing use of approximately six miles of pristine spawning and rearing habitat located upstream of the blockage. The project proposes the removal of the blocked culverts and the re-grading of the creek bed to address the disparity in grade existing between channel upstream and downstream of the culverts. The culverts will be replaced with a clear-span bridge, which will not trap debris and will not be prone to clogging during storm events. In addition, the channel will be stabilized and a grade restored which is suitable for fish passage. gradient control in the modified channel will entail the installation of low rock weir drop structures conforming to specifications described in the California Department of Fish and Game publication "California Salmonid Stream Habitat Restoration Manual."	<b>Neg</b>	05/13/2003

2003021104	Enhanced In-Situ Bioremediation with Bioaugmentation, Boeing Realty Corporation Regional Water Quality Control Board, Region 4 (Los Angeles), Monterey Park Long Beach--Los Angeles Under the oversight of the Regional Board, Boeing Realty Corporation (BRC) is investigating and remediating soil and groundwater impacts at the 343-acre C-1 Facility. BRC proposes to implement enhanced in-situ bioremediation (EISB) with bioaugmentation technologies to remediate selected source areas. These technologies involve addition of selected amendments [amendments specified in the General WDR Permit package, and in some areas using a non-pathogenic, naturally derived (i.e. not genetically engineered), chlorinated ethene degrading consortium, referred to as KB-1 containing a Dehalococcoides ethenogenes culture] to create a reducing condition in groundwater to facilitate reductive dechlorination of chlorinated volatile organic compounds.	<b>NOD</b>	
2003021126	Solar Powered Well Project Joshua Basin Water District --San Bernardino The electric power generated by the proposed solar collection arrays to be erected at each well site will initially provide full power for two of the existing four District water wells approved for solar power installation at this time. The two other approved wells will be partially powered by solar arrays.	<b>NOD</b>	
2003022061	Felton Booster Pump Station Upgrades Santa Cruz, City of --Santa Cruz The proposed project consists of upgrades to the City of Santa Cruz Water Department's Felton Booster Pump Station in order to increase the reliability, efficiency and capacity of the Felton Booster Pump Station. The proposed project will replace all existing facilities, including replacement of existing pumps with increased pumping capacity, construction of new elevated electrical equipment pad and control building, construction of a 1250 kw diesel-powered emergency generator on an elevated pad, and associated minor site improvements.	<b>NOD</b>	
2003032017	Phase I Recycled Water Pipeline Project Petaluma, City of Petaluma--Sonoma Construct approximately 19,600 lineal feet of 20-inch diameter pipeline to convey recycled water for future irrigation at golf courses, parks, open spaces, business parks, vineyards, and schools. The proposed pipeline would start at the intersection of Ely Road and Brown Lane in Sonoma County, and end at Rooster Run Golf Course off East Washington Street.	<b>NOD</b>	
2003049025	Lake or Streambed Alteration Agreement for Notification #03-0052 Forestry and Fire Protection, Department of --Humboldt The applicant proposes nine crossings for timber harvesting activities on an unnamed tributary to Big Lagoon, Humboldt County.	<b>NOD</b>	
2003049026	Lake or Streambed Alteration Agreement for Notification #03-0053, Applicant Proposes 53 Crossings for Timber Harvesting Activities on Railroad Creek, Tributary	<b>NOD</b>

<b><u>Documents Received on Monday, April 14, 2003</u></b>			
2003048231	Amendment to the Hollister Community Development Project Area Hollister, City of Hollister--San Benito The Redevelopment Plan Amendment, adopted pursuant to SB 211, codified in part at Health and Safety Code Section 33333.6(e)(2), deletes the time limits on the incurrence of debt from the Redevelopment Plan.	<b>NOE</b>	
2003048232	Siskiyou 96 Fish Passage Caltrans #2 --Siskiyou The project proposes to improve fish passage by removing two corrugated metal pipe culverts and replacing with a single span bridge crossing at O'Neil Creek and State Route 96, located approximately five miles east of Seiad Valley, Siskiyou County.	<b>NOE</b>	
2003048233	Trinity 299 Underdrain Caltrans #2 --Trinity A section of SR 299 is failing due to subsurface water flow under the highway. Caltrans will place a 200' underdrain on the uphill side of the highway to intercept subsurface water. Horizontal drains will be placed on the uphill side of the highway and slope indicators will be installed to determine the elevation of the slip plane. The highway will be repaired to preserve the ride. Excess material will be disposed at the Slattery Pond disposal site. During construction, all work will comply with the Caltrans Statewide Storm Water Management Plan to ensure sediment does not reach the adjacent creek. Adequate erosion control measures will be included as part of the completed project to protect slopes.	<b>NOE</b>	
2003048235	Nugget Remodel California State University Trustees Long Beach--Los Angeles Construction of the Nugget Remodel project. The Nugget is a food service facility that is adjacent to the existing Student Cafeteria (Building #7). The project will renovate the interior of the Nugget to include current code modifications, including but not limited to electrical, mechanical, plumbing, ADA, seismic. The scope also includes ceiling treatments and lighting modifications, upgrades to the current heating and ventilation system, modifications in the food preparation and serving area on the north side of the facility as well as removal and replacement of energy efficient kitchen equipment.	<b>NOE</b>	
2003048236	Peralta Creek Revegetation and Restoration Fish & Game #3 Oakland--Alameda Restoration of approximately 200 linear feet of Peralta Creek at Foothill Meadows Park in the City of Oakland. The design objectives are to restore the channel and riparian vegetation, redesign the bypass intake structure to function only at high discharge periods, and to approximately 180 linear feet of hard bank structures, including concrete walls, rock rip-rap, sac-crete, and concrete rubble.	<b>NOE</b>	
2003048237	San Francisquito Creek Stanford Golf Course Maintenance Fish & Game #3 --Santa Clara, San Mateo Stanford University proposes to perform maintenance activities at its golf course including the following: tree work and trimming, debris removal, poison oak removal maintenance of storm drains; mowing and maintenance of turf in the 100	<b>NOE</b>

	year channel, herbicide / growth regulator application, removal of vehicles, golf cart path repair and maintenance.		
2003048238	Arana Gulch Tributary Slope Repair and Culvert Replacement Fish & Game #3 Santa Cruz--Santa Cruz Repair of slope failure and the replacement of a culvert and damage to the existing culvert occurred during the heavy storms of 1998. The area is a natural drainage swale with eucalyptus trees and little ground cover. An existing culvert was exposed and damaged by a slide. The project involves the placement of new dirt fill and sod within the fairway boundaries, installation of a new subsurface pipe in the fairway, placement of new rip-rap (12 inches to 18 inches in diameter) along the eroded slope, installation of a 12-inch diameter, approximately 80-foot long surface drain pipe, and installation of an energy dissipater at the base of the drainpipe.	<b>NOE</b>	
2003048239	San Francisquito Creek Bridge Replacement Fish & Game #3 Menlo Park--San Mateo Replace the existing Willow Place pedestrian/bicycle bridge over San Francisquito Creek with one that is wider. This project consists of regrading and paving the trail at both ends of the new bridge as well as replacing light fixtures along the path. The existing bridge will be removed with a crane from the top of the creek bank and will be replaced with a new prefabricated steel bridge, approximately 85 feet long and 11.5 feet wide. Before abutments, concrete will be poured so as to increase the total size of the abutments for the new bridge.	<b>NOE</b>	
2003048240	Sulphur Creek Culvert Installations Fish & Game #3 Hayward--Alameda SAA #1600-2003-0094-3 The project is the construction of a road crossing by installing a 54-inch steel culvert with standard SD-500 type "A" straight headwalls to provide access between the existing Twin Creeks Court and the proposed Twin Creeks Development. Approximately 60 linear feet of creek will be impacted by the project.	<b>NOE</b>	
2003048241	Northstar Vision Center Addition Placer County Planning Department --Placer Applicant requests approval of a 1,180 square foot building addition for a period of approximately 3 years (then to be returned to a parking lot) and request a variance to the parking requirement of 5 additional spaces in order to add 0 spaces.	<b>NOE</b>	
2003048242	Cling, Antic, Pura Pier Piling Driving Fish & Game #2 --El Dorado R2-2002-54.8. Drive pilings for a single use pier.	<b>NOE</b>	
2003048244	Tannery Well #2 Health Services, Department of --Santa Cruz Replace existing well located on same lot.	<b>NOE</b>

**Documents Received on Tuesday, April 15, 2003**

1999122059	Planned Development Rezoning (File No. PDC98-12-104) for FMC site San Jose, City of San Jose--Santa Clara Planned Development Rezoning (PDC98-104) from HI Heavy Industrial Zoning District to A(PD) Planned Development Zoning District to allow the redevelopment of an approximately 92.5-acre site bounded by Coleman Avenue in the northeast, Newhall Street to the southeast, Southern Pacific Railroad lines to the southwest, and the jurisdictional boundary of the City of Santa Clara to the northwest. The proposed remaining of the site would allow construction of up to three million square feet of new office/R&D development. In addition, an undetermined amount of hotel, retail, and commercial uses may be constructed, but in no case would total development of the site exceed in the traffic performance criteria that are equivalent to the traffic that would result from three million square feet of new office/R&D development. Existing building demolition, parking, landscaping, public and private streets, and necessary new infrastructure are also included in the project.	<b>EIR</b>	05/29/2003
1999112074	Proposed Alamo YMCA - County File# LP992025 Contra Costa County Alamo--Contra Costa The proposed project involves construction of a 40,300 square foot YMCA facility including indoor/outdoor pools, airnasium, sports court, locker rooms, administration offices, and family fitness areas.	<b>FIN</b>	
2003041096	Sedgwick Reserve Infrastructure Plan and Water Delivery System University of California, Santa Barbara --Santa Barbara The University of California, Santa Barbara is proposing to implement an Infrastructure Plan for UCSB's Sedgwick Reserve. The Infrastructure Plan includes renovation of six buildings, construction of nine buildings, and demolition of six buildings. Roads within the Reserve would be upgraded and a water delivery system would be installed. The water delivery system would be connected from an existing reservoir. Water pipelines for domestic use and fire supression would be installed along an existing roadway. In exchange for use of the existing Woodstock reservoir, an underground reservoir would be constructed on the southern side of Sedgwick to serve the Woodstock subdivision. UCSB completed the Infrastructre Plan with the desire to provide facilities supporting ecological research and university level instruction, K-12 environmental education programs, habitat restoration, and a place for the arts and humanities.	<b>NOP</b>	05/14/2003
2003041097	Water Purchase Agreement with Kern County Water Agency for the 2003 Environmental Water Account Water Resources, Department of Bakersfield--Kern The Department proposes to purchase 93,000 to 182,000 acre-feet from Kern County Water Agency for use in the 2003 Environmental Water Account. Water will be made available through exchange of State Water Project water or pump-in to the California Aqueduct.	<b>Neg</b>	05/14/2003

2003041098	Salisbury Development Plan D010307D ED02-243 San Luis Obispo County --San Luis Obispo Renovation of an historic abandoned school building into a wine tasting and retail sales facility; relocation of a structure to the site and grading for parking and driveway access.	<b>Neg</b>	05/14/2003
2003041099	General Plan Amendment No. 01-02; Zone Reclassification No. 01-02; Variance No. 02-06; and conditional Use Permit No. 02-12/Black Inyo County Planning Department Bishop--Inyo The project is a request by Ken and Lisa Black to construct a total of 49 metal mini-storage units in 3 separate buildings on their 0.74-acre property that is currently zoned R-2-1.0 (Multiple Residential, 1.0 acre minimum). The project also includes a General Plan Amendment from the "RVL" (Residential Very Low Density, 2.0 dwelling units per acre, 0.5-acre minimum) land use designation to a "RC" (Retail Commercial, 7.6 to 24.0 dwelling units per acre [residential units are subject to discretionary approval]) land use designation. A Zone Reclassification is also required, from R-2-1.0 (Multiple Residential, 1.0-acre minimum) to C-2 (Highway Services and Tourist-Commercial Zone). A Conditional Use Permit is required in order to construct "warehouses and storage facilities" in the C-2 district, pursuant to Inyo County Code Section 18,48.030 (G). A Variance is also required to allow a 5.0-foot encroachment into the required 25-foot front yard setback due to the location of a pre-existing septic system leach line.	<b>Neg</b>	05/14/2003
2003041100	Construction of the Kennedy Meadows Landfill Closure Tulare County Resource Management Agency --Tulare Construction an impervious cover on an existing landfill to protect the environment and to comply with State regulations.	<b>Neg</b>	05/14/2003
2003041101	General Plan Amendment 2002-160 Big Bear Lake, City of Big Bear Lake--San Bernardino Change the General Plan designation of the property to Equestrian Estates to allow for the keeping of horses as an accessory use to the existing single family residence.	<b>Neg</b>	05/14/2003
2003041102	InterConnect Towers, LLC (ICT) Wireless Communications Plan and CUP #2001-03/LC Inyo County Planning Department --Inyo This is a proposal for approval of a Wireless Communications Plan and one site (Sage Flat), covering the area from Little Lake to Piverty Hills, and adjacent to U.S. Highway 395. The plan calls for four sites for new, or replacement towers on sites that are currently developed with existing wireless communications facilities.	<b>Neg</b>	05/14/2003
2003041103	Acquisition of Property and Development Claremont, City of Claremont--Los Angeles The project has two basic components: 1) Acquisition of the Danbury School property from the Claremont Unified School District by the Claremont Redevelopment Agency; and 2) The creation of a centralized public community center to be operated by the City of Claremont's Human Services Department.	<b>Neg</b>	05/05/2003

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Tuesday, April 15, 2003</u></b>			
2003042103	Visitor Center Parks and Recreation, Department of Sacramento--Sacramento Department of Parks and Recreation proposes to construct a new visitor center building with connections to existing utilities at the Folsom Powerhouse State Historic Park. This project will not involve changes, additions, or improvements to any existing park structures or facilities.	<b>Neg</b>	05/14/2003
2003042104	Water Purchase Agreement with Santa Clara Valley Water District for the 2003 Environmental Water Account Water Resources, Department of Bakersfield, San Jose--Santa Clara, Kern The Department proposes to purchase from the Santa Clara Valley Water District up to 30,000 acre-feet of groundwater stored in the Semitropic Groundwater Banking Program. Water will be made available through exchange with Kern County Water Agency State Water Project deliveries or by direct pump-in to the California Aqueduct. Water would be made available to the 2003 EWA.	<b>Neg</b>	05/14/2003
1995012061	Sacramento Regional County Sanitation District, Interceptor Master Plan 2002 Sacramento County The proposed project updates the 1993/94 Sacramento Sewerage Expansion Study (SSES). The major differences between the 1993/94 SSES and the proposed Master Plan 2000 are: 1) revised land use and population projections, 2) revised build out density and flow contributions, and 3) changes in interceptor framework. Interceptor Master Plan 2000 uses geographically based sewer billing information to predict existing wastewater flows, and Sacramento Area Council of Governments geographically based population projections to predict areas of future growth and increased development densities. Proposed changes in the interceptor framework are: the realigning of the Lower Northwest Interceptor from midtown Sacramento to Yolo County and the City of West Sacramento; providing a new Interceptor to serve Aerojet; realigning a segment of the Bradshaw Interceptor through the Mather Field area; and relocating the Deer Creek Interceptor to Grantline Road.	<b>NOD</b>	
2002011090	Adventure County Park Gymnasium Los Angeles County Whittier--Los Angeles The project will consist of the renovation improvements and new construction of facilities at the existing 15.52-acre Adventure County Park. The project includes construction of a gymnasium, the addition of one parking lot and the expansion of one existing parking lot (approximately 4-6 spaces) and revision of parking lot striping for the existing and proposed parking lots. Under the proposed project, 114 parking spaces would be added to the 64 existing spaces to upgrade the total parking capacity of 178. The project provides for renovation of existing recreation building for renovation of the kitchen, painting of the exterior and interior of the multi-purpose room, hardscape and landscape improvements, realignment of fire access lane behind gymnasium, realignment of selected areas for new sidewalks to accommodate existing trees, and the addition of fourteen 24-inch box trees, including irrigation and root guards as required.	<b>NOD</b>
